

*Michelle*touche
Professional Makeup & Hair Style Team

what we do

We focus on bridal makeup and hair for engagements, pre-wedding shoots and actual day weddings.

our USP

Our unique selling point is our professional team of makeup artists and hairstylists for the bride, bridesmaids and family members.

what we enjoy most about the business

We love and enjoy working with people, and it is extremely satisfying when we are able to offer advice to the bride and groom, and in the process form a good working relationship with them. We know we have done a job well when we receive positive feedback, and that is why we always work to the best of our abilities.

some friendly advice from MICHELLE TOUCHE

- Always have a trial makeup after discussions with your makeup artist.
- Take care of your skin during the lead up to your wedding.
